### On Track Selling Policy For Major Events

MRCCR inc. has in place in its clubs constitution a strict no on-track selling policy. We believe in supporting hobby shops, as the next racers generally buy their first car from a hobby shop.

We realise the opportunity for shops and distributors to supply racers at a major event and to showcase their products. MRCCR inc. is offering shops and distributors the right to sell at the track during the event for a registration fee of \$100. For any sellers paying the \$100 they will need to provide their own selling facility of no more than 12m 2 with signage.

### Please Note

- Any persons caught selling at the event without the clubs permission will be disqualified from the event and asked to leave.
- There will be no exceptions to this rule.
- Selling in the car park will also be considered "On-track Selling".

**For more info and to register as a seller please first call or email:**
