OnTrack Selling Policy For Major Events

MRCCR inc. has in place in its clubs constitution a strict no-track selling policy. We believe in supporting hobby shops, as the next racers generally buy their first car from a hobby shop.

We realize the opportunity for shops and distributors to supply racers at a major event and to show case their products. MRCCR inc is offering shops and distributors the right to sell at the track During the event for a registration fee of \$100. For ant sellers paying the \$100 they will need to Provide their own selling facility of no more than 12m 2 with signage

Place Note

Any persons caught selling at the event without the clubs permission will be disqualified from The event and asked to leave

There will be no exceptions to this rule

Selling in the car park will also be considered On-Track Selling

For more info and to register as a seller please first call or email
